INDEX.

Original Communications and Clinical, Pathological and Bacteriological Memoranda.

PAGE

ABRAMOVICZ, I.—Ocular injury caused by liquid ammonia 241

ADAMS, DOROTHY ROSE.—A review of the literature on the crystalline lens ... 281

BALLANTYNE, A. J.—Changes in refraction associated with transient glycosuria 519

BYERS, W. GORDON M.—Two cases of traumatic keratitis in the new born 162, 256

CARMICHAEL, E. A. and CRITCHLEY, M.—The relations between eye movements and other cranial muscles 49

CHAVASSE, B.—Note on the illumination required for the instantaneous colour photography of the eye (life-size) 66

COLLIS, E. L.—Discussion on miners' nystagmus 585

CRITCHLEY, M.—*See* Carmichael, E. A.

CRUICKSHANK, M. M.—Phacoerisis: observations on the technique with a report on 115 consecutive cases 321

CULPIN, M.—Discussion on miners' nystagmus 564

D'OMBRAIN, A. W.—*See* Young, G.

DUKE-ELDER, W. S.—Changes in refraction in diabetes mellitus 167

ELWORTHY, H. S.—Discussion on miners' nystagmus 554

FRIEDENWALD, H. and FRIEDENWALD, J. S. Epithelial dystrophy of the cornea 14

FRIEDENWALD, J. S.—*See* Friedenwald, H.

GALA, ANTON.—Instantaneous stereo-photography of the anterior section of the eye with considerable magnification 512

———— Observations on the hydrogen ion concentration in the vitreous body of the eye with reference to glaucoma 516

GODLEE, SIR RICKMAN.—Sir Jonathan Hutchinson, F.R.S. (British Masters of Ophthalmology Series) 257

GOULDEN, C.—*See* Riddoch, G.

GRIMSDALE, H.—A note on Pulfrich's phenomenon with a suggestion on its possible clinical importance 63

HALDANE, J. S., F.R.S.—Discussion on miners' nystagmus 552

HARFORD, C. F.—Discussion on miners' nystagmus 567

HARTRIDGE, H.—Helmholtz's theory of accommodation 521

HAYTHORNTHWAITE, B. F.—An optical illusion 68

JAMES, R. R.—Edward the Confessor's physician: an ophthalmic note ... 351

———— Sir William Bowman, Bart., F.R.S. (British Masters of Ophthalmology Series) 481

KHAN, WAJID ALI.—*See* Neame, H.

LAGRANGE, H.—Derangements of organo-vegetative nervous system and of endocrinian system in essential glaucoma 398

PAGE

LAWSON, SIR ARNOLD.—Tints and their values 97

LEŠER, O.—On the development of the extraocular muscles in some mammals 154

LLEWELLYN, T. L.—Discussion on miners' nystagmus 546

MANN, IDA C.—The development of the human iris 495

MAYOU, M. S.—Chronic irido-cyclitis: atrophic patches in the iris 7

MITTON, H. E.—Discussion on miners' nystagmus 561

NEAME, H. and KHAN, WAJID ALI.—Glaucoma secondary to choroidal sarcoma. The treatment of painful blind glaucomatous eyes 618

———— and WOLFF, E.—Endothelioma of the optic nerve 609

PERCIVAL, A. S.—Prescribing spectacles. Alteration of the power of a cylinder when used for close work 8

PICKARD, R.—Cavernous optic atrophy and its relation to glaucoma 385

POOLEY, G. H.—Discussion on miners' nystagmus 591

RIDDOCH, G. and GOULDEN, C.—On the relationship between subarachnoid haemorrhage and intraocular haemorrhage 209

ROBSON, F.—Discussion on miners' nystagmus 571

SACK, T. J.—Discussion on miners' nystagmus 569

SCHIÖTZ, HJ.—Tonometry 145

SMITH, D. PRIESTLEY.—Centripetal fan scotoma in glaucoma 233

STEIJN, J. S.—An uncommon luxation of the lens 20

THOMSON, E.—Note on the lateral ocular muscle balance in school children, with special reference to squint in myopia 109

TRAQUAIR, H. M.—Acute retrobulbar neuritis affecting optic chiasma and tract 433

———— The special vulnerability of the macular fibres and "sparing of the macula" 53

WEVE, H.—The colours of after-images following strong light-stimuli .. 627

WOLFF, E.—*See* Neame, H.

WOOD, D. J.—Hydatid cysts of the orbit 4

———— Ocular leprosy 1

———— Two cases of non-traumatic cysts of the anterior chamber ... 450

WRIGHT, R. E., Major, I.M.S.—A series of 250 cataract extractions by Barraquer's method 57

———— Cyst of the iris 454, 608

YOUNG, G. and D'OMBRAIN, A. W.—Haematoma of the cornea. A clinical note 299

Book Notices.

SUBJECTS.

Entries printed in thick type indicate grouped or special abstracts.

PAGE

Abduction phenomenon, the ... 122
Abscesses, miliary, multiple, with haematogenous staphylococcic conjunctivitis 364
Accommodation, failure of, association of, with sore throat ... 122
———— Helmholtz's theory of 521
———— changes in form of crystalline lens in 524
———— new model of ... 305
———— paralysis of, bilateral, without affection of pupils 411
Adrenalin, pilocarpin and eserin in glaucoma 313
———— subconjunctival injection of 309
———— use of in increased intraocular tension ... 310
Adrenals, tumours of, orbital metastases of 475
After-images, colours of, following strong light-stimuli ... 627
Air Services, visual tests in ... 143
Amblyopes, assistance of ... 303
"Amblyopia ex anopsia" ... 247
American Ophthalmologists, National Council of 22
Ammonia, liquid, ocular injury caused by 241
Amsterdam, trachoma in, in recent years 368
Anaesthesia, general, in ophthalmic practice 427
———— general, ocular complications in 424
———— in ophthalmic surgery, novel method of inducing 195
———— local, in ophthalmic work, report of Committee on 425
Anaesthetic, local, tutocain, report on 599
———— new, diocaine; particularly suitable for tonometry 600
Anisometropia, alterations in visual fields in ... 249
———— fundus anomalies in cases of 247

PAGE

Annotations 22, 74, 115, 187, 242, 300, 353, 457, 523, 638
Anophthalmos, congenital and familial 426
Anterior chamber, non-traumatic cysts of, two cases of 450
———— section of eye, instantaneous stereo-photography of, with considerable magnification 512
Appointments 48, 95, 143, 207, 255, 320, 431, 480, 607, 655
Approved Societies, ophthalmic benefits for members of 72, 320, 354
Aqueous humour in certain internal diseases of eye, examination of 596
Artefacts, cranial 74
Australia, Western, trachoma in 28

Bacillary emulsion in tuberculous and scrofulous diseases of eye, use of 643
Bacterial eye diseases, light-therapy of, direct and photodynamic action of light on bacteria as basis of 644
Barraquer's method of cataract extraction, series of 250 cases 57
Basel, spectacle work at, advanced course on 255
Bismuth salts, treatment of interstitial keratitis with ... 202
Bjerrum, visual field of, simplified method of taking 313
Blindness due to rare form of encephalitis 115
Blood-vessels in ciliary processes and in iris of human eye, morphology of 124
Blue sclera, fragilitas ossium and primary epibulbar carcinoma, case of 540
Bourguet and Dupuy-Dutemps, lacrymal operation of ... 196
Brazil, pulsating exophthalmos in, study and surgical treatment of 123
British Masters of Ophthalmology (15) Sir Jonathan Hutchinson, F.R.S. (1828-1913) ... 257

PAGE

British Masters of Ophthalmology (16) Sir William Bowman, Bart, F.R.S. (1816-1892) ... 481
British Medical Association, 93rd Annual Meeting of 143

"Calfeutrage" operation ... 421
Canities prematura 598
Canthus, inner, flattening or reduction of, following extirpation of lacrymal sac ... 196
Capsulectomy, large, in extraction of cataract 378
Carcinoma of conjunctiva, treatment by radium ... 130
——— retrobulbar, of sinus origin 130
Carotid artery of rabbits, injection of living tubercle bacilli into, changes found in eyes following 641
Cataract associated with tetany and myotonia 377
——— development of, after removal of parathyroids in rats 640
——— diabetic, in an infant ... 377
——— extraction of, by Barraquer's method, series of 250 cases 57
——— extraction of, large capsulectomy in 378
——— extraction of, mycosis of choroid following, metastatic choroiditis of other eye, producing clinical picture of sympathetic uveitis 371
——— lamellar 375
——— medical treatment of 45, 140
——— operations, blocking of fifth and seventh nerves as accessory in ... 425
——— relation of hyperglycaemia to 374
——— ring, Vossius's, pathogenesis of 374
——— senile, early non-operative treatment of 376
——— senile, extraction of, intracapsular 378
——— senile, extraction of, marginal infiltration and corneal ulcer following ... 379
Catarrh, spring, exceptionally severe case of 366
Cellulitis, orbital ... 418, 419
Centripetal fan scotoma in glaucoma 233

PAGE

Cerebro-spinal fluid, examination of, as diagnostic factor in syphilitic affections of eye... 200
Cerebro-spinal fluid, physiology and pathology of, with reference to ophthalmology ... 200
Chancre, primary, of palpebral conjunctiva 201
Chiasma, binocular vision and ... 416
Children, young, myopia in, treatment of 304
Chloroma of orbit, case of ... 535
Choroid, diseases of, classification of 46
——— melano-sarcoma of, followed by phthisis bulbi and iridocyclitis, case of 539
——— mycosis of, following cataract extraction, metastatic choroiditis of other eye, producing clinical picture of sympathetic uveitis 371
——— sarcoma, glaucoma secondary to, treatment of painful blind glaucomatous eyes 618
Choroido-retinitis, tuberculous, non-follicular 370
Chromheteropia 541
Ciliary body, gumma of, as late syphilitic product ... 84
——— primary melano-sarcoma of 536
Ciliary processes, blood-vessels in, morphology of 124
Colour fields, effect of intensity of stimulus in size and shape of, and their order of ranking as to breadth ... 132
——— for stimuli of different sizes, effect of brightness of pre-exposure and surrounding field on breadth and shape of 534
Colour perception, examination of 132
——— photography of eye (life-size), illumination required for 66
——— psychology of 132
Colours of after-images, following strong light-stimuli 627
Congenital anomalies, persistence of hyaloid canal 126

PAGE

Conjunctiva bulbi, naevus of, and its transition into malignant forms (carcinomata) 473
———— carcinoma of, treatment by radium 130
———— curetting of, in chronic catarrhal conjunctivitis 364
Conjunctiva palpebral, primary chancre of 201
———— sarcomata of, with reference to a case of perithelioma 129
Conjunctival and corneal infections, role of epithelial cell in 648
Conjunctivitis, catarrhal, chronic, curetting of conjunctiva in 364
———— due to micrococcus catarrhalis 367
———— gummatous, annular 244
———— haematogenous staphylococcic, with multiple miliary abscesses 364
———— Parinaud's infectious 367
Convention of English-Speaking Ophthalmological Societies, 243, 355, 431, 461
Cornea, affections of, in acquired syphilis 202
———— congenital staphyloma of, origin of 361
———— epithelial dystrophy of ... 14
———— epithelial dystrophy of, manifestation of diabetes 363
———— haematoma of 299
———— large staphylomata of, conservative operative treatment of 361
———— myxoma of 362
———— serpent ulcer of, new surgical method of treatment of 192
———— ulcer of, and marginal infiltration following extraction of senile cataract 379
Corneal and conjunctival infections, role of epithelial cell in 648
———— microscope with combined slit-lamp illuminating device, new form of ... 75
Corneo-sclera, tuberculosis of ... 362
Correspondence 44, 140, 253, 317, 381, 606
Cranial artefacts 74
———— muscles and eye movements, relations between 49

PAGE

Crystalline lens, literature of, review of 281, 302
Curetting of conjunctiva in chronic catarrhal conjunctivitis ... 364
Cyclodialysis, indications for ... 311
Cylinder, power of, alteration of when used for close work 8
———— use of, in the slit-lamp optical system 606
Cyst, dermoid, orbito-temporal 536
———— of iris 454
Cysts, hydatid, of orbit 4
———— non-traumatic, of anterior chamber, two cases of ... 450
Cysticercus of vitreous humour. Eosinophilia following subconjunctival injections of chloride of sodium 428

Dacryo-cystitis, gangrenous, congenital 197
Dermoid cyst, orbito-temporal 536
Diabetes, epithelial dystrophy of cornea as manifestation of 363
———— mellitus, changes in refraction in ... 167, 317, 382
